Minutes

Timothy FitzGerald (DNB) welcomed attendees and presented the meeting agenda. The group approved minutes from the group's previous meeting.

The working group went through discussion points from the previous meeting. The group discussed who might be potential users of an OIS market in NOK and agreed to contact potential users to obtain more information about their interest in using such a market. The group identified a selection of potential users of an OIS-market in NOK and decided who should contact the different actors. The group agreed to hold a new meeting on 9. March to discuss responses from potential users and plan the work ahead.
